17 & December 1906 States

(1) that all Defence Head Quarter towns and

(11) that such of the other Impressed Hill towns as have a population of 5000 and are also in the possession of Dy Comrs are sufficiently important to be constituted into Municipalities under the Regulation

Therefore the question of Constituting Hotaltkere into a Municipality under the Regulation will have to be over for the present

3 Section 8 of the Munl Regulation requires the publication of a proclamation about the constitution of any local area into a Municipality in the Offl Gazette in English and Kannarese not less than two months before the publication of a Notification declaring such area a permanent Municipality etc The Section says that the Provincial Govt Government shall cause the proclamation to be published The Dy Comrs may be asked to publish the proclamation in Col II of the

Adverting to para 4 of the Government Order No 5221-30/Mel(257-06-1) dated 17th ultimo inviting communications in the matter of introducing the new Municipal Regulation into the several municipalities of this District, I have the honor to state that in addition to the District Head Quarters town of Chitaldrug, it is proposed to introduce the Municipal Regulation into the equally important places of Hiriyanagere and Harihar as Municipalities under the new Municipal Regulation as these towns contain a population of more than 5000 each as per Census of 1901 I further beg to state that the town of Holalkere which has a population of 5417 is the main entrance to the District Head Quarters and is connected on both sides by Southern Mahratta Railway. Consequently this town

town is growing in importance It is therefore considered desirable to bring this town also under the new Regulation, but as the Municipality is a small one and is still in a backward state, I would propose that operation of sections 10, 11 12 and 13 thereof may, under section 16, be held in abeyance for the present

2 A memo concerning the names of persons and the particulars of local areas to be constituted as Municipalities under this Regulation is herewith submitted as called for in the above

3 It is requested that 10 spare copies of each of the preliminary notifications to be issued by Government may be kindly caused to be supplied to this office for being posted up in conspicuous places in the local area concerned for the information of the public

I have the honor to be
